ENTERPRISE OVERVIEW

Engineered for High-Uptime Industrial SLAs & Strict Safety Adherence

Founded in 2017, **Majestic Rentals Private Limited** has emerged as a premier aggregated commercial fleet mobility partner across Western India. We eliminate administrative and operational friction in enterprise employee logistics, corporate executive travel, and emergency industrial health transport. By pairing cutting-edge GPS telematics with rigorous statutory adherence, we manage daily mobility for Fortune 500 enterprises, energy conglomerates, chemical complexes, and public infrastructure projects.

OUR 3 CORE OPERATING PILLARS

1. Economy & Transparency

Predictable corporate spend models, competitive long-term lease tariffs, transparent fuel escalation formulas, and unified monthly GST-compliant billing with credit reconciliation.

2. Punctuality & Telematics

24/7 central dispatch control desk, automated real-time GPS fleet tracking, geofenced route adherence, and dedicated ground coordinators stationed at major industrial hubs.

3. Safety & Compliance

100% police-verified chauffeurs, certified first-aid trained emergency drivers, strict commercial RTO fitness protocols, and regular vehicle safety & maintenance audits.

KEY ENTERPRISE SERVICE LEVEL AGREEMENTS (SLAS)

⚡ Guaranteed 2-Hour Breakdown Replacement

In the rare event of mechanical failure or route obstruction, an equivalent or upgraded backup commercial vehicle is dispatched within 2 hours across all major industrial corridors.

🛡 100% Statutory & Labor Law Compliance

Full compliance with Central & State RTO guidelines, Yellow Commercial T-Permits, valid Comprehensive Insurance, driver ESIC/PF provisions, and Speed Governor certifications.

📣 Centralized 24/7 Control Room & Spot Dispatch

Always-on command center managing on-call spot bookings, roster adjustments, emergency industrial mobilization, and chauffeur communications in real time.

👤 Vetted Chauffeurs with Defensive Driving Training

Background-checked, uniformed, multi-lingual chauffeurs trained in professional corporate etiquette, defensive industrial driving, and route safety protocols.

Premium Executive Sedan	Maruti Ciaz, Honda City, Hyundai Verna	4+1 Seater	Senior leadership transit, client delegations, board member logistics. Plush interiors & extended legroom.
Multi-Utility Vehicle (MUV)	Toyota Innova Crysta, Maruti Ertiga, Kia Carens	6+1 / 7+1	Technical team transit, plant audits, departmental site supervision. High luggage space, dual AC blowers.
Compact & Mid-Size SUV	Mahindra Scorpio-N / Classic, XUV700, Tata Safari	6+1 / 7+1	Industrial site operations, rugged perimeter inspection, field engineering visits, inter-facility transit.
Luxury VIP Executive SUV	Toyota Fortuner, MG Gloster, Mercedes GLE / Audi Q7	6+1 / 7+1	VIP corporate delegations, investor facility inspections, managing director transit, boardroom site tours.
Luxury Ottoman MUV	Toyota Innova Hycross (Captain Chairs), Kia Carnival, Vellfire	6+1 / 7+1	International expat transit, CXO executive transport, diplomatic delegates. Multi-zone AC, electric ottomans.
Plant Support Utility Pickups	Mahindra Bolero Camper, Bolero Pik-Up, Tata Yodha 4×4	4+1 Crew / 1.5T	Internal plant maintenance, spare parts transit, pipeline and jetty inspection, industrial construction support.

ENGAGEMENT MODELS & COMMERCIAL CAPABILITIES

Monthly Dedicated Lease

Long-term dedicated vehicle & driver assignment tailored for CXOs, plant managers, and field teams with fixed monthly mileage slabs and unified invoicing.

On-Call Spot Car Rental

Instant booking dispatch for 8h/80km local duties, outstation factory audits, emergency visits, and flight-tracked airport pickups across Western India.

Turnkey Corporate Tariffs

Customized rate contracts, fuel adjustment formulas, corporate GST credit enablement, and monthly centralized billing reconciliation.

OCCUPATIONAL HEALTH & INDUSTRIAL SAFETY

24/7 Statutory Standby Ambulances & Critical Care Patient Transit

Under **Section 45 of The Factories Act, 1948**, large industrial establishments, refineries, and chemical manufacturing complexes are legally required to maintain dedicated emergency ambulance facilities. Majestic Ambulances provides turnkey, audited, 24/7 on-site stationary ambulance deployments equipped with certified medical hardware and trained paramedic crews.

Category	Vehicle Platform	Crew	Medical Equipment & Plant Deployment
Compact BLS	Maruti Suzuki Eeco Ambulance	2+1 (EMT/Driver)	Foldable stretcher, onboard oxygen cylinder, first-aid kit, siren & beacon. Ideal for factory internal clinic standby & rapid first-response.
All-Terrain 4×4 BLS	Force Trax 4×4 Ambulance	3+1	Heavy-duty 4×4 chassis, spine board, oxygen support, trauma immobilization. Deployed at remote pipeline projects, mining, and unpaved sites.
Standard Factory BLS	Tata Winger BLS Ambulance	3+1	Auto-loading stretcher, dual oxygen manifolds, IV hooks, paramedic seating. Primary choice for statutory factory standby compliance.
Advanced High-Roof BLS	Force Traveller High-Roof BLS	3+1	Full standing interior height, central piped oxygen system, resuscitation unit, suction pump. Deployed at large manufacturing campuses.
Mobile ICU / ALS	Tata Winger / Force Traveller ALS	3+1 (Paramedic)	Multi-parameter cardiac monitor, transport ventilator, automated external defibrillator (AED), emergency resuscitation medications.
Type-D Heavy ALS Unit	Eicher Skyline / SML Isuzu ALS	3+1 (Doctor/Paramedic)	Heavy intensive care suite, multi-patient trauma response capability. Deployed at mega petrochemical refineries & disaster management hubs.

INDUSTRIAL EHS COMPLIANCE & PARAMEDIC PROTOCOLS

Certified Paramedic Crew

Qualified Emergency Medical Technicians (EMTs) and certified BLS/ACLS trained drivers available for round-the-clock shift standby at your Occupational Health Center (OHC).

Medical Gas & O2 Audits

Daily oxygen pressure checks, hydrostatic cylinder testing certificates, medical consumables expiration monitoring, and sanitized cabin hygiene logs.

Factory Inspector Audits

Complete documentation pack provided for Directorate of Industrial Safety & Health (DISH) and factory inspectorate compliance audits without penalties.

MASS WORKFORCE COMMUTE & PLANT SHUTTLES

Turnkey Employee Commute (ETS) & Shift Synchronization

Majestic Trans manages high-volume daily workforce transportation for manufacturing plants, IT corridors, and industrial estates. Our operations are engineered around complex multi-shift rosters, ensuring 100% on-time plant arrival, optimized transit routes, and zero worker downtime.

Coach Category	Vehicle Models	Seating	Operational Deployment & Features
Executive Tempo Traveller	Force Traveller (AC / Non-AC)	14+1 to 26+1	Senior engineering team transit, plant audit delegations, mid-management shuttles. Pushback seats, individual AC vents.
Mid-Size Staff Mini Bus	Tata / Eicher Staff Bus	32+1 to 36+1	Mid-density factory routes, residential township connections, satellite plant connections. High-density safety seating.
Staff Commute Heavy Coach	Tata / Ashok Leyland Buses	45+1 to 55+1	High-capacity factory shift workforce commute, bulk industrial worker transport. Heavy commercial chassis, dual emergency exits.
Intercity Luxury Coach	BharatBenz / Volvo Semi-Sleeper	45+1 to 53+1	Annual corporate conventions, investor plant tours, VIP delegations, intercity executive transit. Air suspension, USB charging.

TECHNOLOGY-DRIVEN TRANSIT MANAGEMENT & OPTIMIZATION

Route & Shift Optimization

Intelligent routing algorithms designed to consolidate pickup nodes, reduce employee commute times, and ensure synchronized shift handovers at the plant gate.

GPS Telematics & Geo-Fencing

Live telematics monitoring speed limits, route adherence, stoppage times, and automated alerts for any unscheduled route deviations or breakdowns.

Dedicated On-Site Supervisors

Experienced ground marshals stationed at major plant gates and residential pickup hubs to coordinate morning and evening shift departures.

REGIONAL FOOTPRINT
